Subject RE: aerial views of Brooklyn Navy Yard

Stephen,

Per our discussion and to confirm, the DCAS Auto Auction site is located at 570 Kent Avenue in the Brooklyn Navy Yard. The main gate is located at Kent Avenue between Clymer and Taylor Streets. The auction yard is southeast of the DOS salt pile. Yard is paved with asphalt. With regard to vehicle condition, vehicles are not accepted into the yard if leaking any fluids.

Please feel free to call me if you need any additional information.

Subject: aerial views of Brooklyn Navy Yard

Dear Mr. LePore,

The U.S. Environmental Protection Agency is responding to concerns expressed by the Community Board #1 about the salt storage pile and biweekly car auction in the vicinity of Kent Avenue and Clymer St. We just learned that the NYSDEC visited the sites on two occasions in the past week and found no cause for concern. In particular, the DEC reported that the cars are in decent condition, are not leaking fluids and are on asphalt rather than unpaved ground. However, just for our record, since we have the aerial photos, we'd like to know where the site of the auto auction is in relation to the salt shed.

Would you kindly indicate, on the appropriate aerial view, where the auction is held? Thank you.

Sincerely,

Stephen Gould
